Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1 and 2, drawn to invention **A**, is classified in class 114, subclass 99.
 - II. Claim 3, drawn to invention **B**, is classified in class 248, subclass 274.1.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions **A** and **B** are related as subcombinations disclosed as usable together in a single combination.

Invention **A** is drawn to a Boom Vang structure only and does not include the specifics of the invention **B**, while the invention **B** is drawn to a Bracket assembly only and does not include the specifics of invention **A**.

The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention II is capable of having separate utility, such as an attachment for a gate or hatch structure on any vehicle. See MPEP § 806.05(d).

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Art Unit: 3617

4. The Examiner was unable to place a telephone call to the applicant's overseas address, and therefore could not request an oral election to the above election requirement.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Note: Applicant must elect one of the above two inventions for examination on merits, and is invited to communicate with the Examiner by email at ajay.vasudeva@uspto.gov to choose such group.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ajay Vasudeva whose telephone number is (703) 306-5992. The examiner can normally be reached on Monday-Friday 1:00 pm--5:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, S. Joe Morano can be reached on (703) 308-0230. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
